JOINT STATUS REPORT

The defendant was charged by indictment in September 2018 with possession with intent to distribute heroin and fentanyl. In October 2018, a grand jury returned a superseding indictment adding an additional count of conspiracy to distribute and to possess with intent to distribute heroin and fentanyl. On February 13, 2019, the Court held an interim status conference and directed the parties to file a further status report providing an update on discovery. Specifically, while the government had made available for inspection additional video footage relevant to the charges, the government had not yet been able to provide a copy of that video footage based on the size of the videos.

On February 27, 2019, the government was able to successfully copy the videos requested by the defendant onto a storage device provided by the defendant for that purpose. The discovery has now been provided to the defendant and receipt has been confirmed.

Accordingly, the parties request that the Court set a schedule for pretrial motions under

Rule 12, specifically: (1) any pretrial motions to be filed by April 5, 2019; and (2) opposition to any motions filed by April 26, 2019.

DATED: March 6, 2019

Respectfully submitted,

ANDREW E. LELLING
United States Attorney
